# Lotus Business School's "Farmers Education Program"

(Initiative Under IQAC)

## Indian Agriculture:

**Agriculture** is what India has prominent as an industry after independence and the Government also understood the need to support and invest in this sector. All the five years plans and currently NITI AYOJ have been focusing on agriculture as **Back Bone of the Indian Economy**. Though a large amount has been invested in Agriculture and Agri-allied sector, it needs management of all its resources i.e. Land, Labor, Capital, Technology etc.

## About Program:

Our Honorable prime minister pledged to double farmers income by 2022-23, government gift to the country in the 75<sup>th</sup> year of its independence and under the inspiration by this thought process Lotus Business School, Pune (top management institute affiliated with Savitribai Phule Pune University) comes with the idea of the "**Farmers Education Program**" which satisfies and motivates to achieve its Vision statement "**To provide an ecosystem that nurtures and enhances managerial competencies through value-based education**".

## Need of Program:

Indian farmers are well known for their hard work and dedication to agriculture. Still keeping records of all incomes and expenses is not a habitual activity for farmers; there is a need to be practiced. Hence under this program, accounting documents are designed in the local language to simplify the record-keeping procedure. Applicability and Simplicity are the key aspects of this program.

## Objective of Program:

Lotus Business School arranges a training program with the objective to educate farmers about the importance of income-expenses record-keeping and techniques used to maximize profit by minimizing expenses through cost-efficient activities.

## Implementation of Program:

After the initiation of IQAC, Farmers Education Program is designed by Agri-Business Management and Financial Management course faculties at Lotus Business School to address the accounting part of the day-to-day farm-related activities.

Respective faculties provide in-house training to students, after their efficient training these students arrange sessions for farmers in different villages. This training program is free of cost and provided by Lotus Business School as a social responsibility towards our beloved farmers.

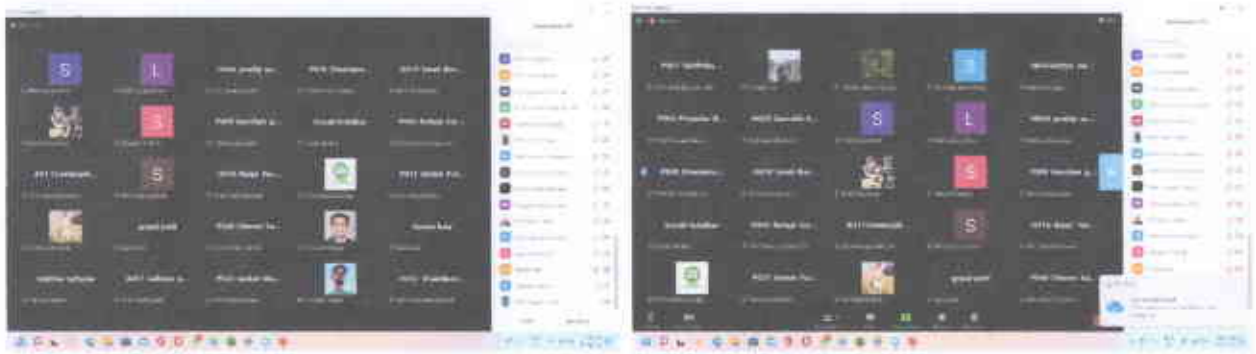

### Session of Expert:

Lotus Business School arranged session of **Mr. Prasad Narayanrao Deshpande** (Progressive farmer and Chairman of Sheti Kalyan Sanstha, Sangli) who actually implementing and extending accounting importance in farmers. He shared experience of him about limitations and usefulness of Account record keeping. This session is conducted through Zoom meeting on 05<sup>th</sup> April 2022. All students, Faculties from Lotus Business School attended this session in online mode.

**After Expert session, Lotus Business School redesigned program as per Expert's opinion.**
