Activity Title: Book review activity in Library.

- To understand importance of books in our life.
- To understand what is book review.
- To increase vocabulary.

Session conducted By: Mr.Pravin Talekar

Designation: Assistant Librarian

Target Audience: Students

Summary of Session: Today we have conducted activity on book review. Writing a book review is a chance to examine literature and digest it in a more complex way than simply following the story and understanding its plot. Compile a list of questions to help children think critically about the book they're reading and draw conclusions based on both facts and feelings.

A book review is a guide for potential readers. In a concise manner, a review summarizes the author's qualifications and main points, often providing examples from the text. A review also provides an opinion on whether the author succeeds or not in convincing readers of his or her points.

The book review writing activity is an essential part of the curriculum and it has not been widely studied in the school libraries of India. The present study attempts to investigate the effect of writing a book review on the reading competency of our students with following objectives

- (i) To conduct library activity to improve reading competency of students
- (ii) To device action plan to increase writing activity of students
- (iii) To investigate the effect of 'Book Review' writing activity on the reading competency development of students

Title: Summary Report of Mr. Vikas Patil's Session on Competitive Examinations & Job Opportunities at Lotus Business School.

Objective: The objective of the session conducted by Mr. Vikas Patil, Director of Agriculture (I&QC) in the Government of Maharashtra, was to enlighten students about the various competitive examinations available to them and to provide insights into job opportunities within the agriculture sector. By sharing his expertise and experiences, Mr. Patil aimed to guide students towards successful careers aligned with their interests and aspirations.

Briefing: Mr. Vikas Patil commenced the session by emphasizing the importance of competitive examinations in today's job market, particularly in the field of agriculture. He elucidated on the diverse career paths within the agricultural sector, ranging from government positions to private enterprises and research institutions.

During his presentation, Mr. Patil elaborated on the significance of staying updated with current affairs and developments within the agricultural domain to excel in competitive examinations. He also provided valuable insights into the exam patterns, syllabi, and preparation strategies for prominent agricultural entrance exams such as those conducted by the Maharashtra Public Service Commission (MPSC) and the Agricultural Scientists Recruitment Board (ASRB).

Furthermore, Mr. Patil shed light on the numerous job opportunities available to aspiring candidates, including roles in agricultural extension services, agribusiness management, research and development, and policy formulation. He stressed the need for interdisciplinary skills such as communication, problem-solving, and technology proficiency to thrive in the dynamic agricultural landscape.

The session concluded with an interactive Q&A session, wherein students had the opportunity to seek clarifications and guidance directly from Mr. Vikas Patil. Overall, the session proved to be insightful and inspiring, empowering students to pursue rewarding careers in agriculture through competitive examinations and leveraging emerging job opportunities.

Title: Summary Report of Mr. Mr. Shivaji Gaware Session on Job Opportunities in Cyber Security at Lotus Business School.

Objective: The objective of the session led by Mr. Shivaji Gaware, Senior Police Inspector of Ravet Pune, was to provide students with insights into the burgeoning field of cyber security and the diverse job opportunities it offers. Through his expertise and experience in law enforcement, Mr. Gaware aimed to raise awareness about the importance of cyber security in today's digital landscape and inspire students to explore careers in this rapidly evolving domain.

Briefing: Mr. Shivaji Gaware commenced the session by elucidating on the escalating cyber threats faced by individuals, businesses, and governments worldwide. He highlighted the critical role of cyber security professionals in safeguarding digital assets, protecting sensitive information, and mitigating cyber attacks. During his presentation, Mr. Gaware delved into the multifaceted nature of cyber security, encompassing areas such as network security, cryptography, ethical hacking, incident response, and digital forensics. He emphasized the growing demand for skilled cyber security professionals across various industries, including finance, healthcare, government, and technology. Furthermore, Mr. Gaware shared valuable insights into the skill sets and qualifications required to pursue a career in cyber security, including proficiency in programming languages, understanding of security frameworks, and certifications such as Certified Information Systems Security Professional (CISSP) and Certified Ethical Hacker (CEH).

The session included real-life case studies and examples to illustrate the significance of cyber security measures in preventing cybercrimes and protecting digital infrastructure. Mr. Gaware also discussed the evolving regulatory landscape and compliance requirements pertaining to data protection and privacy laws.

The session concluded with an interactive Q&A segment, wherein students had the opportunity to engage with Mr. Shivaji Gaware and seek advice on career pathways, skill development, and industry trends in cyber security. Overall, the session proved to be informative and enlightening, empowering students to consider cyber security as a viable and rewarding career option in today's digital age.

Activity Title: Quantitative Aptitude Session**Objectives:**

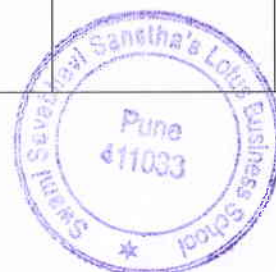

- To enhance student's aptitude skills to become budding manager.
- To increase ability of an individual to solve numerical and mathematical calculation and it's important because a person with quantitative aptitude will be in a better position to analyze and make sense of the data given.
- To understand and acknowledge the abilities of a learner.

Session conducted By: Prof.Sunil Prajapati**Designation: Assistant Professor****Profile:-****Summary**

Total 17.6 years of Competitive work experience in educational organization and Software Company.

Professional Qualification

Course	Institute	Board/University	Year	Percentage
Master in Personal Management	Lotus Institute of Business Studies	Savitribai Phule Pune University	2016	72.20 %
Master of Computer Application	Institute of Technology and Management Gwalior (M.P.)	R.G.P.V. Bhopal(M.P.) Univ. of Technology of M.P.	2004	70.73 %

Target Audience: Students

Topic Covered:

- 1 BODMAS
- 2 Number Series
- 3 Percentages
- 4 Quadratic Equations
- 5 Profit and Loss
- 6 Simple and Compound Interest

1 BODMAS:-BODMAS is an acronym to help children remember the order of mathematical operations – the correct order in which to solve maths problems. Bodmas stands for **B-Brackets, O-Orders (powers/indices or roots), D-Division, M-Multiplication, A-Addition, S-Subtraction.**

2 Number Series:-Number Series refers to a **sequence of numbers following some pattern.** Candidates need to find the missing or wrong number in the provided series.

3 Percentage: - In mathematics, a percentage is a **number or ratio that can be expressed as a fraction of 100.** If we have to calculate percent of a number, divide the number by the whole and multiply by 100. Hence, the percentage means, a part per hundred. The word per cent means per 100.

4. Quadratic Equation:-A quadratic equation is represented as $ax^2 + bx + c = 0$, where a, b, c are the values of real numbers, and the value of 'a' is not equal to zero. This is also known as the standard form of the quadratic equation. An interesting fact to note is that many people believe that Babylonians were the first to solve quadratic equations.

5. Profit and Loss: - **Profit and Loss** formula is used in mathematics to determine the price of a commodity in the market and understand how profitable a business is. Every product has a cost price and a selling price. Based on the values of these prices, we can calculate the profit gained or the loss incurred for a particular product. The important terms covered here are cost price, fixed, variable and semi-variable cost, selling price, marked price, list price, margin, etc.

6. Simple and Compound Interest: - The interest, typically expressed as a percentage, can be either simple or compounded. Simple interest is based on the principal amount of a loan or deposit. In contrast, compound interest is based on the principal amount and the interest that accumulates on it in every period

QUANTITATIVE APTITUDE

Questions asked in XLRI Examination held on January 9, 2005

Directions: In each question below, choose the correct alternative from the four options provided.

1. Last year Mr Basu bought two scooters. This year he sold both of them for Rs 36,000 each. On one, he earned 20% profit, and on the other he made a 20% loss. What was his net profit or loss?

- (A) He gained less than Rs 2000
- (B) He gained more than Rs 2000
- (C) He lost less than Rs 2000
- (D) He lost more than Rs 2000

2. In an examination, the average marks obtained by students who passed was $x\%$, while the average of those who failed was $y\%$. The average marks of all students taking the exam was $z\%$. Find in terms of x , y and z , the percentage of students taking the exam who failed.

- (A) $\frac{z-x}{y-x}$
- (B) $\frac{x-z}{y-z}$
- (C) $\frac{y-x}{z-y}$
- (D) $\frac{y-z}{x-z}$

3. Three circles A, B and C have a common centre O. A is the inner circle, B middle circle and C is outer circle. The radius of the outer circle C, OP cuts the inner circle at X and middle circle at Y such that OX = XY = YP. The ratio of the area of the region between the inner and middle circles to the area of the region between the middle and outer circle is:

- (A) $\frac{1}{3}$
- (B) $\frac{2}{5}$
- (C) $\frac{3}{5}$
- (D) $\frac{1}{5}$

4. The sides of a rhombus ABCD measure 2 cm each and the difference between two angles is 90° then the area of the rhombus is:

- (A) $\sqrt{2}$ sq cm
- (B) $2\sqrt{2}$ sq cm
- (C) $2\sqrt{3}$ sq cm
- (D) $4\sqrt{2}$ sq cm

5. If S_n denotes the sum of the first n terms in an Arithmetic Progression and $S_7 : S_2 = 1 : 10$ then the ratio of first term to fourth term is:

- (A) 1 : 3
- (B) 2 : 3
- (C) 1 : 4
- (D) 1 : 5

6. The curve $y = 4x^2$ and $y^2 = 2x$ meet at the origin O

and at the point P, forming a loop. The straight line OP divides the loop into two parts. What is the ratio of the areas of the two parts of the loop?

- (A) 3 : 1
- (B) 3 : 2
- (C) 2 : 1
- (D) 1 : 1

7. How many numbers between 1 to 1000 (both excluded) are both squares and cubes?

- (A) none
- (B) 1
- (C) 2
- (D) 3

8. An operation ' \otimes ' is defined as follows:
For any two positive integers x and y .

$$x \otimes y = \sqrt{\sqrt{\frac{x}{y}} + \sqrt{\frac{y}{x}}}$$
 then which of the following is an

integer?

- (A) 459
- (B) 4816
- (C) 494
- (D) None of the above

9. If $f(x) = \cos(x)$ then 50th derivative of $f(x)$ is:

- (A) $\sin x$
- (B) $-\sin x$
- (C) $\cos x$
- (D) $-\cos x$

10. If a , b and c are three real numbers, then which of the following is NOT true?

- (A) $|a+b| \leq |a| + |b|$
- (B) $|a-b| \leq |a| + |b|$
- (C) $|a-b| \leq |a| - |b|$
- (D) $|a-c| \leq |a-b| + |b-c|$

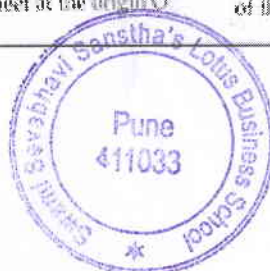

11. If $R = \{(1, 1), (2, 2), (1, 2), (2, 1), (3, 3)\}$ and $S = \{(1, 1), (2, 2), (2, 3), (3, 2), (3, 3)\}$ are two relations in the set $X = \{1, 2, 3\}$, the incorrect statement is:

- (A) R and S are both equivalence relations
- (B) $R \cap S$ is an equivalence relations
- (C) $R^{-1} \cap S^{-1}$ is an equivalence relations
- (D) $R \cup S$ is an equivalence relations

12. If $x > 8$ and $y > -4$, then which one of the following is always true?

- (A) $xy < 0$
- (B) $x^2 < -y$
- (C) $-x < 2y$
- (D) $x > y$

13. For $n = 1, 2, \dots$ let $T_n = 1^2 + 2^2 + \dots + n^2$, which one of the following statements is correct?

On 4th Oct 2023 Lotus business School organized a session on financial literacy which was arranged by NSE. Financial literacy is crucial for individuals to make informed decisions about their personal finances and investments. Organizing sessions on financial literacy can provide students with valuable insights into managing money, budgeting, saving, investing, and planning for their financial future.

Collaborating with organizations like the National Stock Exchange (NSE) can enhance the quality of such sessions, as NSE often has experts who can share valuable insights into the world of finance and investments. It's essential for students to understand the basics of financial planning to make sound financial choices throughout their lives.
